Brian Sessink DVM (Emergency and Critical Care)
Andrew Lenius DVM (Emergency/Critical Care)
Kristi Burns DVM (Emergency/Critical Care)

Service Spotlight - Emergency/Critical Care

Our Emergency/Critical Care team is always ready to watch over your patients when your practice is not open or you are unavailable. VCA ARECA is open 24 hours, 7 days a week.

ARECA Remodel Update

We're in!

The ICU staff have officially moved into their new space. Some final touches are still in the works (such as a full set of runs and the rest of our new equipment) but we have much more space now to care for your emergent and critical cases.

We are offering a new CE, approved by the Arizona Academy of Veterinary Practices, for Anesthetic Monitoring that we can schedule in your practice for your team. Email Stephani.Rhodes@vca.com for availability

Stay Informed!

We are offering a new CE, approved by The Arizona Academy of Veterinary Practices, for [Anesthetic Monitoring CE](#) that we can schedule in your practice for your team. Email [Stephani Rhodes](mailto:Stephani.Rhodes) for availability.
